With so many ANEST IWATA spray guns to choose from,
how do you know what to use?

Any one of our spray guns can be used from start to finish or general purpose use. However, ANEST IWATA specifically designs each spray gun to excel with specific coatings in mind because having the right tool for the job can equal huge savings.

Whether you're spraying primer/sealer, base coat, clear coat, water-based or solvent-based materials, ANEST IWATA's start to finish solutions will help your productivity — saving you time and money.

Where Passion, Innovation, and Creativity Meet.

NEW PRODUCTS FROM ANEST IWATA

SERIES2

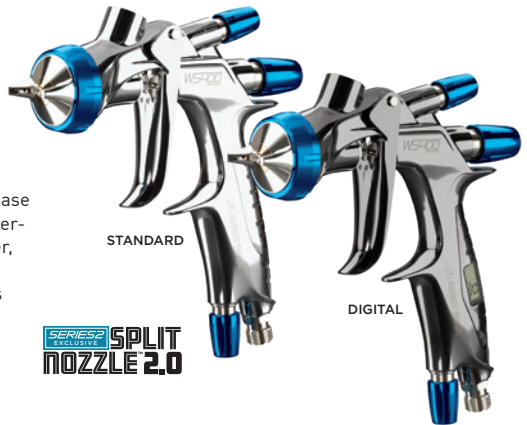

LS400 SERIES2 BASE

The ANEST IWATA LS-400 Series 2 Base is a premium HVLP spray gun featuring optimized, uniform coarse atomization — perfect for solvent or waterborne base coat applications with a variety of nozzles, giving it the ability to perform in all climates and conditions.

WS400 SERIES2 BASE

The compliant ANEST IWATA WS-400 Series 2 Base was designed with the future of wet-on-wet waterborne technologies in mind by delivering a faster, coarse, center wet core with optimal material control. It's offered in a variety of configurations allowing you to match your spray gun to your specific product line and environment.

WS400 SERIES2 CLEAR

The compliant ANEST IWATA WS-400 Series 2 Clear is the new standard for clear coat perfection with its fast, high-delivery fine atomization. This spray gun makes achieving anything from an OEM finish to a perfect glass-like finish easy while saving materials, time, and energy.

NEW PRODUCTS FROM ANEST IWATA

WBX SPRAY GUN KITS

Featuring the North American exclusive W-400-LV-WBX spray gun, the WBX kit offers versatility and ANEST IWATA's proven Split Nozzle Technology. The WBX gives users a fast, smooth, even, flat finish. Operating at a low air pressure, while maintaining a wide fan pattern, means less rework, saving users time, materials and money.

Blue Kit Includes: W-400-LV-WBX 1.3 Gravity Compliant Spray Gun, 1.5 Nozzle (use with 1.3 needle), 1.2 Nozzle Needle Set, 700 ml Aluminum Gravity Cup, Air Regulator, Spray Gun Lubricant, Brush, Wrench

Red Kit Includes: W-400-LV-WBX 1.8 Gravity Compliant Spray Gun, 1.5 Nozzle Needle Set, 1.3 Nozzle Needle Set, 700 ml Aluminum Gravity Cup, Air Regulator, Spray Gun Lubricant, Brush, Wrench

ANEST IWATA SPRAY GUN CABINET

Design specifically for the purpose of storing spray guns. This cabinet comes with a variety of spray gun holders to suit your different Anest Iwata spray gun needs. It can house up to 24 spray guns and has storage space for your accessories. This premium cabinet is made from high-quality steel with a powder-coated finish and features a digital lock and keyed entry to keep all of your equipment safe and secure.

Cabinet measures 20 x 30 x 12 inches, wall mount

KATANA PLUS

The Katana Plus is an Airrex product by ANEST IWATA. It is an entry level spray gun at a value price that gets you spraying right away, the right way. Featuring a comprehensive, easy-to-follow spray guide plus accessories, the Katana Plus gives the first-time user the tools and confidence to successfully tackle a variety of projects.

Includes: Katana Plus 1.3 HVLP Spray Gun, 600 ml Plastic Gravity Cup, Spray Guide, 5 Paint Strainers, Cleaning Brush, Thread Sealant Tape, Viscosity Cup and Gun Wrench

LPH-80 COMPACT HVLP

The LPH-80 is an extremely versatile compact spray gun that features low material usage, very fine atomization, and low air pressure consumption. Perfect for touch-up and small surface area work.

ACCESSORIES

ANEST IWATA MULTI SPRAYER

Works with 200+ chemicals including acetones, lacquer thinners, pre-cleans and more! Whether it's solvent or water-based chemicals, the Anest Iwata Multi Sprayer will handle your shop's most aggressive chemicals. It's combination of durable technical plastics and strong steel cylinder pump rod makes this sprayer less likely to deteriorate and contaminate paint surfaces.

*Not for use with acid-based products.

MICRO-FABRIC SPRAY SUIT

The Anest Iwata Premium Micro-Fabric Spray Suit by FBS ProPlus Gard is so comfortable you'll forget it's on. Micro coated material to provide a barrier against solvent and dust particles, yet lightweight and breathable for those hot summer days. This spray suit provides anti-static, chemical protection and is well suited for work in paint shops, chemical industries, and many other related fields.

MK-5 MAINTENANCE KIT

2950

Keep your spray guns in tip top shape with the ANEST IWATA Maintenance Kit. It offers a variety of indispensable tools when it comes to cleaning and maintaining your spray guns.

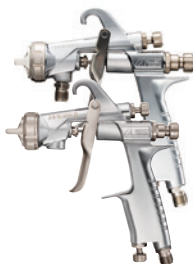

FLEET APPLICATIONS

AZ1-HVLP CONCEPT Pressure

The AZ1-HVLP CONCEPT pressure gun is part of our Air Guns line. It's an excellent entry level choice for fleet applications. This versatile gun offers a range of air caps that deliver a long flat pattern even when spraying heavy coatings.

WIDER 1-1L-2-2L

WIDER models are an upgrade in design, styling, and technology from ANEST IWATA. The WIDER gun design produces consistent, repeatable results. With easy maintenance and intuitive quick adjustments, you'll save time and save money.

IWATA AIRBRUSHES

IWATA CUSTOM MICRON TAKUMI

IWATA 5 WAYS TO SPRAY
**ABSOLUTE
PRECISION™**

Iwata Custom Micron Takumi Side Feed Airbrush has all the spray attributes of Iwata Custom Micron airbrushes. In addition, this side feed model also includes a redesigned, compact body style for improved control and balance. This, combined with a new gravity assisted side feed cup improves paint flow, making Takumi remarkably responsive for extreme detail spraying.

IWATA ECLIPSE CS

IWATA 5 WAYS TO SPRAY
**ALL-STAR
VERSATILITY™**

When it comes to versatility, the Eclipse series will never meet its match. The difference is the unique high flow nozzle which shoots metallics, pearls, and premixed acrylics as easily as thinned solvents and candies. Suited to almost any project, it is easy to see why the Eclipse CS is the workhorse airbrush of the industry's top painters.

NEO FOR IWATA CN

IWATA 5 WAYS TO SPRAY
**EFFORTLESS
COVERAGE™**

The NEO for Iwata is a perfect choice for the beginning or professional automotive artist looking for easy, effortless coverage. Designed for spraying at a fine to medium scale, this airbrush performs well at low air pressures and the removable cup makes for easy maintenance and cleaning.

IWATA HP-TH2

IWATA 5 WAYS TO SPRAY
FULL FINISH™

The perfect bridge between an airbrush and mini spray gun in both capability and performance. The TH2's unique H6 head system easily atomizes a wide variety of spray medium including candy blends and metallic paint. Round-pattern and fan-pattern air caps give you options for covering large areas quickly and when combined with the built-in Micro Air Control (MAC) Valve, produce an unmatched range of spray patterns and effects.

iwata

by ANEST IWATA

Iwata is the airbrush brand and is represented at the global headquarters of ANEST Iwata-Medea, Inc., in Portland, Oregon.

IWATA AIR COMPRESSORS

IWATA WORKSHOP IW28S

The perfect air source when you need quiet power. Premium head components and lower RPM drive shaft deliver longer lifespan and cooler, smoother operation. That's why it lasts 3x longer than comparable models. The 2.0 HP oil-free motor produces 5.3 CFM @ 90 PSI and 6.4 CFM @ 40 PSI. That's enough air for many types of pneumatic tools, two mini spray guns simultaneously, or airbrushes.

IWATA AIRBRUSH COMPRESSORS

Iwata offers a range of small, quiet compressors to run your airbrushes from your apartment, home or studio.
